

Surfaces for
America's
Lifestyles.

MAJESTIC KITCHEN + BATH

Premier Fabricators of Hard Surfaces, Glass & Accessories

Since 1990, we've been manufacturing and installing high quality natural and engineered surfaces for America's lifestyles. The formula for our success is what drives yours.

CERTAINTY + SCALE + PRECISION = ASSURANCE

PROVIDING **CERTAINTY + SCALE** TO THE BUILDING INDUSTRY.

Performance

We believe transparency is important in our client relationships. As part of our commitment to providing you with successful outcomes, we track, measure and share detailed analysis of critical performance metrics quarterly to optimize continuous service improvement.

Operational Redundancy

On-time, every time installation is important to your business. We employ operational redundancy using our certified and cross-trained personnel, stable supply chains and multiple fabrication centers with protective capacity. This safeguards you against the unknown and unforeseen with confidence that Majestic's professional team will deliver as needed.

Discipline + Adaptability

From our 30+ year history, we bring you time-tested financial practices, partnerships and processes so that you can depend on us during economic booms or busts. And we are bonded, insured and well capitalized to meet your expectations and on-site requirements.

Scale

To bring you certainty, Majestic delivers scale at the local level and in every region where you operate across the Southeast. We do this through automation that is tightly integrated with our global supply chain and supported by our capital investment in equipment and technology.

On-Boarding

Delivering precision and certainty requires a plan. At the outset of our relationship with you, our professional team dedicates significant time to anticipate and address challenges that may affect on-time installation goals. We capture, communicate and discuss those issues at the beginning of our relationship, and every quarter we reassess and update you on any developments that can potentially disrupt positive outcomes.

Assurance

To be your most professional trade partner, our team members undergo extensive certification through our Ready to Work program. All Majestic employees and partners undergo employment exams, drug-testing, public health-related protocols and meet safety requirements to protect our company, team members, clients and communities.

MARKET SPECIALIZATION

Majestic is one of the Southeast's largest fabricators of natural and engineered surfaces for America's lifestyles. Every week we produce hundreds of quality kitchen countertops, bathroom vanities, showers, glass enclosures, shelves and mirrors to meet builders' specific requirements across three industry segments.

Residential

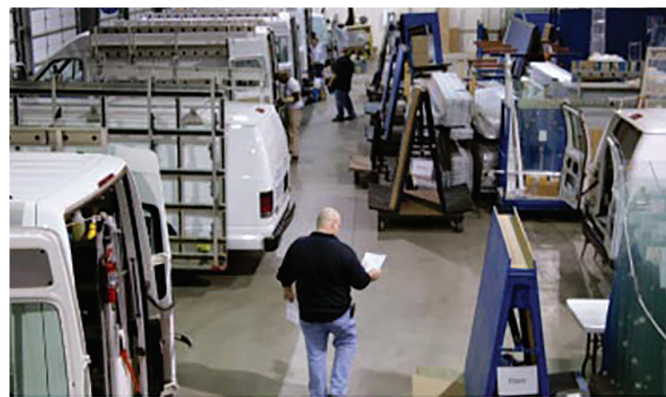

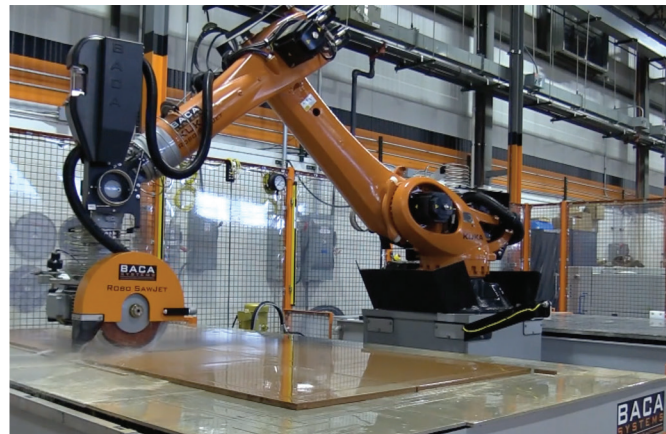

America's largest homebuilders depend on Majestic to meet their strict installation schedules and quality standards. We do this through automation, technology and training that streamline all of our ordering and manufacturing processes. Our comprehensive client on-boarding program further assures that homebuilders' needs are fully met to ensure on-time installation of our products across multiple geographic markets.

Multi-Family + Commercial

For 30+ years, Majestic has been fabricating for high volume projects including apartment complexes, senior living centers and university campus dormitories. Our experienced corporate leadership team and solid financial history ensures you that we have the capacity to meet strict OSHA certifications, bonding and insurance requirements. And, our investments in technology and training optimize our team's safety and productivity on your work site.

Custom

Through our multiple studio centers, Majestic's design professionals collaborate with custom homebuilders to deliver the craftsmanship and quality to precise specifications to create unique kitchen and bath environments for the luxury home market.

HOW **WE ARE DIFFERENT**

Majestic's mission is to be the most professional trade partner in the industry. In pursuit of this goal, we invest in automation, people, processes and certifications to meet and exceed industry and government standards and regulations for environment, quality, safety and manufacturing procedures.

As one of the Southeast's largest and long-established manufacturers of natural and engineered stone surfaces, Majestic and its 250+ employee team are relied upon for dependability by leading residential and commercial builders.

WHY MAJESTIC IS **THE RIGHT FIT**

We understand the value of deadlines and timelines to your business. We invest in our business to best support yours. Majestic's operations include extensive redundant equipment so that capacity and capability are never an issue. Our product is delivered and installed "on-time, first-time" to your exact specifications. And our standardization process assures you that our pricing and quality are consistent with your expectations across all markets in which we serve you.

Builders trust Majestic for our dependability.
